

A4

Many are still travelling.

But you
have arrived.

Forward thinking. From Audi.

The new Audi A4: dynamic, precise, incisive. Assured by a combination of sporty aesthetics, innovative technologies and functional everyday usability. Strikingly visible in the progressive design with precisely honed front-end looks and characteristic rear profile. Clearly reflected in the touch screens and digital displays for your convenience.

Agility in every day driving and beyond. Stick to the road. Wherever and whatever you want. With quattro permanent all-wheel drive. An impressive experience wherever you're headed. This is how fascinatingly multifaceted your journey can be.

Where others
see only darkness
at night ...

you
see the
details.

Look good by day, see more at night. Thanks to strikingly designed LED headlights that cast a bright, uniform light across the road. With dynamic indicators at front and rear including LED rear lights casting a special light signature. A shining example of progressiveness outside right down to the last detail.

Inside, complex functions turn simple to operate. With the MMI large high-resolution 10.1-inch touchscreen display with haptic feedback, you have both intuitive control and a clear overview. The latest generation of three zone air conditioning filters allergens and particles to ensure quality air inside your Audi A4.

Work? Leisure?

You feel good everywhere in the new Audi A4. High-tech, functionality and design are brought together harmoniously in the interior.

The interior architecture emphasizes the horizontal and exudes lightness and space.

High-quality materials, refined tactile qualities and precision workmanship create a luxurious ambience. Head, shoulder and legroom dimensions ensure a generously spacious feel.

At night the ambient contour lighting creates an atmosphere of well-being.

With Audi drive select, you can adapt the character of your Audi A4 to suit your own driving style as it changes. Choose from five different modes: dynamic, comfort, auto, individual and efficiency. The settings of the optional sport and comfort suspension with damper control can also be adjusted with Audi drive select.

Whether in front wheel drive with A4 40 TFSI or quattro with A4 45 TFSI, experience the full spectrum of driving dynamics and efficiency.

It is great when you don't have to make any compromises to get where you're going.

Just like in the Audi A4.

Just enjoy the drive.

Enjoy the drive. While others are still adapting their thinking, in the Audi A4 you are already moving progressively forwards. Right from the start. Innovative developments in petrol engines continue apace. In addition to direct fuel injection and turbocharging, engineers are employing compression and gas exchange methods. To squeeze the most out of every last drop of fuel. The mild hybrid system, for example, extracts drive energy from movement. That's how efficient forward momentum can be.

The new Audi A4 is fitted with a new two liters petrol TFSI engine – awarded International Engine Of the Year 2019 - and seven speed S tronic automatic transmission.

With 140 kW, the Audi A4 40 TFSI produces 190 hp and 370 Nm of torque over a range of 4,200 to 6,000 rpm. The A4 45 TFSI quattro delivers 180 kW and 245 hp over 1,600 to 4,300 rpm sprinting from 0 to 100 kilometers per hour in 5.8 seconds.

Many strive forwards.

**You drive
innovation.**

Enjoy the sight. Rendered for a lasting impression.

When you choose a paint color, be ensured that the quality will be superb, because your vehicle is painted not just once, but four times. So not only do you look radiant in your Audi, the car is also protected from environmental influences as well as wear.

Twelve colors are standard: solid brilliant black and ibis white, Metallic and pearlescent paints floret silver, glacier white, Manhattan gray, mythos black, tango red, Navarra blue, terra gray (new), Daytona gray and turbo blue (S line exterior), quantum gray (S line).

Audi Exclusive paints include:

- 01 Catalunya red, metallic
- 02 Vegas yellow
- 03 Samoa orange, metallic
- 04 Beluga brown, metallic
- 05 Ara blue, crystal effect
- 06 Goodwood green, pearl effect
